

CURRENT AWARENESS BULLETIN

Long Covid Management

01 July 2023

This is your monthly Current Awareness Bulletin produced by Somerset NHS Foundation Trust Library & Knowledge Services.

It is intended to provide you with a range of the most up-to-date resources, including recently published guidelines and research articles, news and policy items.

If you have any problems accessing the links, please contact a member of the library staff who will be happy to assist you.

You will need your [NHS OpenAthens account](#) to access the full text of licenced content. This service is provided to the NHS in England by Health Education England.

We hope you find it helpful and please do let us know if you need any further information or assistance.

Thank you.

LIBRARY SERVICES AND TRAINING

Are you looking for the latest evidence-based research?
Do you need an evidence search carried out?
Do you need to find evidence to support an improvement?

Look no further! We offer an evidence search service for members of staff at Somerset NHS Foundation Trust.

Please fill in [this form](#) and a member of the library team will respond to you as soon as possible.

Alternatively, if you would like an assisted search training session, where we will sit down with you and go through the steps of a literature search, then please contact the library.

The [NHS Knowledge and Library Hub](#) is a one-stop gateway that allows you to access our high-quality sources of information and evidence.

You can also sign up for [KnowledgeShare](#), which provides evidence updates and alerts tailored to your specific professional interests.

DISCLAIMER

We will endeavour to use the best, most appropriate and most recent sources available to ensure that the information supplied is accurate, up-to-date and evidence-based.

However, it is possible that it may not be representative of the whole body of evidence available, and databases, articles and internet resources may contain errors and out-of-date information.

It is the responsibility of each member of staff to determine the accuracy, validity and interpretation of the search results.

No responsibility can be taken by the library for any action taken on the basis of this information.
